

Homework Help

MATHEMATICS FOR GRADES 7, 8, 9 AND 10 STUDENTS

Check out these resources that are always available!

Student Locker

Each student receives an online 'locker' space where a recording of their tutor sessions is automatically stored. These can be reviewed as often as needed.

Glossary

There is a collection of Mathematical terms and definitions that can be referenced at any time.

Tutorials

These videos review specific Math concepts. They can be viewed online even if the chat rooms are closed.

Listen and Learn

These videos delve more deeply into a particular area in Math, and so are longer than the specific Tutorials - a great way to review bigger Math topics.

Best Sessions

These are actual chat room sessions that have been recorded and posted to share.

They show the anonymous student and tutor working together to complete a problem.

How to Register

Step 1: Open your web browser to <https://homeworkhelp.ilc.org>

Step 2: Complete the Registration Form

- Choose a **username** and **password**
 - Enter an **email address** (optional)
 - Choose your **Type of user**:
 - **'Student'** if you are a registered student in grades 7-10
 - **'Guest'** for parents, teachers, etc.
 - If registering as a student, enter your **birthdate** and **OEN**
 - * OEN is a nine digit number found on a past report card or at Student Services.
 - Check the Terms of Use and Privacy Policy once you've reviewed it
 - Click **Register**
- * Only users registered as students can ask questions in the chat rooms.
* After registering, you will only need your username and password to login. The OEN will no longer be required.
